RE: Ochoco Lumber Company Retirement Plan

Dear Participant,

You are receiving this notice because your contributions are currently being invested in and /or all or a portion of your account is invested in a Fidelity Advisor Freedom Fund. The Fidelity Advisor Freedom Funds® are the Plan designated default fund (the "Plan Designated Fund"). Under the Plan, any contributions for which you do not provide investment direction will be invested in the Plan Designated Fund.

You have the right under the Plan to direct the investment of your existing balances and future contributions to any of the Plan's available investment options. Unless you provide alternative direction, your contributions and/or the portion of your account that is currently invested in the Plan Designated Fund will continue to be invested in this option.

To obtain information about other plan investment options, please log onto NetBenefits® at www.netbenefits.com or call 800-294-4015 to speak to a representative. You may also make changes to your investment elections for future contributions and/or exchange all or a portion of your existing balance into other options available under the Plan via NetBenefits or by phone. We encourage you to review your investment mix and deferral percentage and update as appropriate.

The Fidelity Advisor Freedom Funds are designed for investors expecting to retire around the year indicated in each fund's name. Except for the Advisor Freedom Income Fund, the funds' asset allocation strategy becomes increasingly conservative as it approaches the target date and beyond. Ultimately, they are expected to merge with the Advisor Freedom Income Fund.
